

Arrival and departure information

Valid for voyages that depart from Bergen January 1 – March 31, 2022

This document will provide you with information about your arrival and departure and transfer services available.

In Bergen, Kirkenes, Trondheim and Oslo most transfers are included in your package if you have booked our arrival and departure package. For further information please refer to your booking confirmation. If your booking doesn't include any transfers, you are still able to participate/book some of the transfers as outlined.

If transfers for your voyage in Norway are already included in your travel arrangements, please present the transfer voucher that was enclosed with your travel documents to the bus driver. Transfers outside our scheduled transfers have to be arranged independently and are at your own expense.

Flights

We recommend being at the airport for check-in at least 3 hours before departure. Internet and/or self-service kiosk check-in may be available depending on which airline you are travelling with.

Due to health & safety reasons, its preferable you use the online check-in processes on the airline websites. You can log on using your flight reference number on your booking confirmation to access flight information, any kind of updates, and to order special services like meals, wheelchairs or seat reservation.

Your flight tickets are electronic, no further documents will be sent to you. Some code share flights are operated by a different carrier than the one shown on your itinerary. Please retain the luggage tag issued at check-in until after you have collected your luggage.

Luggage through check-in:

If you have a connecting flight to Norway with an onward flight to another destination in Norway, you can take your hand luggage directly to the gate mentioned on your boarding pass. Due to possible gate changes, please double check your gate number at the transfer desk and listen for announcements and check the arrival/departure board at the airport.

Your checked luggage will be checked through to your final destination. If you are holding separate tickets on different airlines it is usually not possible to check luggage through. Check-in staff will advise you whether luggage may be checked through or not.

Generally, one piece of hand luggage can be brought on board the plane.
