# WELCOME

With domestic cruising restarting and our emergence from lockdown, I am pleased to share our small ship expedition cruises for this Summer 2021 as we explore our very own British Isles. Sailing from Dover, 13- or 15-day itineraries are available – visiting England's south coast, Wales, Northern Ireland and Scotland's beautiful Hebridean Islands. We can't wait to welcome you and your clients on board.

# BEAUTIFUL BRITISH ISLES

Summer 2021

## British Isles hidden gems

Sail far from the usual tourist crowd to discover wild and historic gems like the Isle of Man, remote Scottish Isles and the Hebrides. With Hurtigruten, you can experience a completely new side of the British Isles. Each of our destinations have unique beauty – ranging from amazing birdlife to distilleries crafting artisanal whiskies, from proud local craftsmen showing their wares to Viking heritage sites and imposing castles.

## Sail from Dover

Begin your cruise earlier without the hassle of airport crowds and transfers sailing directly from and returning to Dover Cruise Terminal in the south of England. Dover is located moments from the English Channel making it the perfect starting point to begin your voyage around Britain.

**Dover** is the ideal starting point for our British Isles voyages as we sail past the iconic white cliffs of Dover.

# SMALL SHIP EXPEDITION CRUISING

Summer  
2021

Sail from  
Dover

From the moment you step on board, we want you to relax, discover new places and learn fascinating facts.

## Your Ship: MS Maud

MS Maud is technologically advanced and well-suited for expedition cruising. Taking less than 540 guests on each voyage, you'll enjoy how small and intimate the ship is. It's the perfect size ship: big enough for a range of onboard facilities but small enough to sail close to the coast for breath-taking views and to access areas larger ships can't reach.

## Key Features:

- 266 cabins and suites
- Science Center
- Observation decks
- Three restaurants: *Aune*, *Fredheim* & *Lindstrøm*
- Explorer lounge & bar
- Two hot tubs
- Panoramic sauna
- Indoor gym
- Expedition boats

## Informal and Engaged

Life on board a Hurtigruten cruise is famously relaxed. This atmosphere is reflected in our casual dress code. We find that our crew and guests all share a love of the natural world and a strong sense of community.

## Expedition Team

Our Expedition Team members all have something in common – they are all skilled and passionate about sharing their knowledge. On board, they present in-depth lectures on history, climate change, sustainability, wildlife, earth science and destination-specific themes. They'll

take you out on small boat cruises and ashore to get close to remarkable places and nature, making sure to never disturb the wildlife.

## Landings and Excursions

Our voyages are designed to offer a great selection of adventures for all levels and abilities – from escorted landings using our fleet of small expedition boats, to guided hikes and kayaking. Our included excursions can be reserved for no additional charge.

## Citizen Science

MS Maud has a versatile Science Center. Here the Expedition Team will lead you in activities like wildlife spotting on the observation deck, host educational lectures and you can take advantage of our destination-focused library. You'll have the opportunity to join our Citizen Science programme, allowing you to contribute to science and understanding by aiding the work of scientific organisations around the world.

## Sustainability

We are proud to provide eco-friendly expedition cruises for adventurous travellers. We became the first cruise line in the world to ban all single-use plastic and we launched the world's first hybrid powered ships. We raise awareness of marine pollution through guest initiatives such as local beach clean-ups. The Hurtigruten Foundation was established to support projects including fighting marine pollution and studying whale populations.

# PICTURESQUE PORTS, ISOLATED ISLANDS AND WONDERFUL WILDLIFE

Embark on this ultimate voyage sailing from Dover as we discover the splendours of the British Isles. We visit picturesque villages and towns, isolated islands and discover wonderful wildlife on our adventure.

New dates added

## HIGHLIGHTS

- Sail from Dover
- Small ship – approx. 500 guests
- English speaking Expedition Team
- Visit spectacular town of Fort William
- Nature landings at the UNESCO double World Heritage Site – St. Kilda
- Beach and nature reserve clean-ups in line with our sustainability programme
- Exploring the beautiful Fowey estuary in South Cornwall

### Day 1 Dover, England

We depart from Dover and make our way along the south coast of England.

### Day 2 At sea

A relaxing day at sea. Meet our Expedition Team, admire the views and try some of the ship's delicious cuisine.

### Day 3 Fishguard, Wales

This small, typical fishing village seems to have stood still in time. Fishguard offers insight into this fascinating history as well as being charming with local shops, cafés and restaurants.

### Day 4 Rathlin Island, Northern Ireland

Rathlin Island boasts Northern Ireland's largest seabird colony. Cliff-top walks are a must. Visit the Seabird centre and lighthouse or stroll to Mill Bay where you can watch the frisky seals.

### Day 5 Isle of Iona, Scotland and Staffa, Scotland

World famous for its religious connections, Iona was settled in 563 AD by the Irish missionary, St Columba. Spend time exploring the famous Abbey and learn

about its fascinating history. If conditions allow, we will spend time doing a 'scenic sail by' of the cave-riddled island of Staffa.

### Day 6 St. Kilda, Hirta Island, Scotland

A UNESCO double World Heritage Site and the 'jewel in the crown' of the National Trust for Scotland. The remains of a volcanic crater provide ledges for thousands of nesting seabirds. Spot the Minke whales too!

### Day 7 Stornoway, Lewis, Scotland

Explore this bustling harbour

## INCLUDED

- Lecture programme
- Science activities
- Nature landings
- Art classes
- Photo lectures
- Birdwatching
- Hikes/walks

and waterfront with museums and art galleries overlooked by Lews Castle.

### Day 8 Fort William, Scotland

Fort William is our base. With a reputation as the 'outdoor capital of the UK', proximity of Britain's highest mountain range and spectacular scenery, it's perfect for exploring. Popular attractions include a visit to the West Highland Museum, St Andrew's Church or the Old Fort. Glen Nevis is a short drive away where you can enjoy one of the best walks in Scotland.

### Day 9 Islay, Scotland

This is 'whisky island', world famous for its peaty single-malt whiskies and its many distilleries. Islay is a stop-off for migrating birds, making it ideal for seabird spotting along its superb clifftop walks.

### Day 10 Douglas, Isle of Man

Douglas is ideal for exploring the strong Celtic and Viking heritage. Visit Viking museums, board a historic steam train or discover the castles of the island.

### Day 11 Holyhead, Wales

Holyhead is an ideal destination for us to explore the charm and history of North Wales, whether on foot or by car. Enjoy a visit to Holyhead Breakwater Country Park with its wildlife and industrial exhibitions, lake Llyn Llwynog and explore the Rocky Coast. Renowned for its lighthouse and large colonies of seabirds, South Stack island is also home to the RSPB visitor centre in Ellins Tower.†

### Day 12 Isles of Scilly, England

This enchanting archipelago off the coast of Cornwall is home to outstandingly beautiful, uncrowded and unspoilt islands and around 140 islets.

### Day 13 Fowey, England

Set in an area of outstanding beauty, the historic harbour town of Fowey rests on the west side of Fowey Estuary. Explore this delightful town by foot. Wander down to the panoramic Gribbin Head or try one of the other walks available.

### Day 14 Portland, England

Located at the centre of the

UNESCO World Heritage Jurassic Coast, Portland is a destination bursting with intrigue and history. As a significant migrating point for birds, Portland provides bird watching enthusiasts with the prospect of glancing rare species.

### Day 15 Dover, England

We pass the white cliffs of Dover and dock at the harbour.

Hurtigruten has built on its existing health and safety procedures to introduce additional practices to help keep you and those you travel with safe.

# SAFE TO TRAVEL WITH US

## Strict Health Protocols

Safety has always been, and always will be, our number one priority. We'll be constantly updating these measures according to the latest guidelines from our expert medical advisors, as well as the requirements of local authorities and communities. Here are just some of the ways we are keeping you safe.

## What you do

### Self-declaration form

You must confirm that you do not have any Covid-19 symptoms before being allowed to board.

### Fever scan and rapid test requirements

Upon embarkation and outside our restaurants, you will go through a contactless fever scan to record your temperature. You will need to agree to be tested if the fever scan indicates a high temperature.

### Testing before expedition cruise

Before embarkation, you will need to show a negative Covid-19 test, no older than 72 hours.

### Face masks, social-distance and hand sanitation

You need to wear a face mask in all common areas of the ship, keep a minimum of one metre distance to fellow passengers and frequently sanitize your hands.

## What we do

### Social distancing

We are sailing on reduced passenger capacity and have changed how we run our restaurants, landings and facilities to give you more space.

### Face masks

All our crew wear face masks or face shields and follow the strictest hand sanitation protocol.

### Testing

On our Expedition Cruises: All crew need to show negative Covid-19 test prior to embarkation.

### Cleaning

We regularly disinfect the entire ship, including all cabins, using certified cleaning products.

### 1. Contactless

Contactless viewing of restaurant menus using QR code technology.

### 2. Restaurants

It is mandatory to wash or disinfect hands before entering our restaurants. We offer a takeaway service all day if you choose to dine in the privacy of your cabin.

### 3. Hand-washing

Frequent hand-washing is one of the most important measures against infection.

### 4. Fever scan

You will have your temperature checked by our contactless fever scanner. We may conduct this procedure at any given time during the trip.

### 5. Cleaning

We use electrostatic cleaning which is a proven and certified way to kill viruses and bacteria in all communal areas.

### 6. Social distance

It is essential to comply with local rules and regulations. We have put down floor markings, increased in-cabin services, and adjusted how we operate so as to provide more space for you when on board.

## Constantly updating protocols

Health and safety protocols in this brochure are correct at time of printing (April 2021), but as we collectively learn more about the current pandemic, these will develop as your departure date approaches.

Keep up-to-date with the latest Health & Safety Information on our website.
